

Teen Challenge Training

In January the Lord allowed Hae Young and I to attend a weeklong training session for leaders of TC rehab centers. We were so encouraged that they would share with us from their wealth of knowledge. God's timing was perfect

Medical Brigade

We were also blessed in January by a medical team from Charleston, S.C. who spent a day helping us with the medical needs of our community. We thank God for the long term friendship with Drs. Ken and Pat Holden and for their faithfulness to bring medical personnel to bless us. We also praise God for the yarn and fabric that just arrived from Charleston. Bless those of you who donated!

Valentine's Day Dinner

Ten years ago on Feb. 14th, I met Jessica on the streets and was overwhelmed by God's love for her. Many of you have prayed faithfully for her to come to Christ, and this Valentine's Day at a Chinese restaurant, she accepted Christ into her life. We were thrilled beyond words. Please pray for Jessica's spiritual growth in Christ!

Indira

We celebrated Indira's Birthday in March and were all in tears as she recounted God's faithfulness to her. She graduated from our ministry several years ago and slowly but surely returned not to the streets, but to drugs and alcohol. By God's grace she and her husband are now free from those addictions and we are so blessed to be working not only with Indira, but with their four beautiful children.

Fanny Banany

Fanny was living on the streets with her two precious children before God brought them to Jericho. It's hard to believe that now, 8 months later. She went on her first mission trip during Holy Week and here she is enjoying fellowship with Lenca Indian children.

Easter Eggs and Salvation

We celebrated Easter this year at a nearby park. One of the highlights was leading Gisele to the Lord. Gisele (holding orange package in photo) is from Quebec and volunteered at Jericho for four months teaching the women to knit and crochet. God began to knit our hearts together and we all sensed that God had more in store for Gisele than just teaching! We wept with her as she prayed for Jesus to enter her heart just after the Easter Egg Hunt. God is so Faithful and True.

Construction

We are still fighting to finish the details of the Villa (windows and doors are not finished due to difficulties procuring wood) and the construction on the women's housing pods has been temporarily halted while we look for ways to economize on the project. During Holy Week

several of us stayed out at the Villa to work on the building and to seek God's direction. It's hard to express just how that place lends itself to seeking the Presence of Jesus. It's awesome! We are inviting groups from our local churches to help us with the finishing details....weekend work retreats! Please pray for us as we continue on with this vision that God has written on our hearts to reach those lost in prostitution. Thank you for lifting us up to the Father and for making this possible in Him!

Warmly in Christ,
